**Think about...**

- **Who** was affected?
- **Where** did it happen?
- **What** was the cause?
- **When** it happened, what else was going on in history?
- **What** was the impact to future events?
- **How** does it affect us today?
- **Why** should we care?

## Research Questions:

*Directions - Create a list of questions you will answer during your research project. Begin with one or two and add to the list as you learn more about your topic. You will update this list throughout your project.*

## Action Plan:

*Directions* - Create a list of sources you might use for your research. Include things you might find in the library, on our project web page or in databases. **Update your list** by checking to see if you've completed the task, if you completed a RAD form or why the source was not helpful.

<i>I will....</i> Explain what you will do or where/how you will search for information.	Done <input checked="" type="checkbox"/>	RAD Done <input checked="" type="checkbox"/>	If you didn't use this source for notes, explain why .
<b>EXAMPLE:</b> I will interview Ms. Harris about the history of libraries in Seattle	✓		Ms. Harris didn't know about Seattle libraries, but she did know about Tacoma.
